Annual Report:

Guidelines: The new state school library media guidelines, [Beyond Proficiency @ your library](#) were posted on the Kentucky Department of Education website August 27. The revised guidelines are the result of a year-long process involving a 9-member Advisory Group and a 10-member Review Group of Kentucky librarians.

KYVL: I participated this year on the KYVL Strategic Planning committee and on the Funding Sub-Committee. I worked with KYVL librarians to handle communication to school librarians about KDE's reduction in financial support.

Communication: I established an email distribution list for school librarians in order to disseminate information in an equitable manner. I began publishing a quarterly online newsletter to highlight school librarians in the state and to provide information about conferences and resources.

Conferences: I participated and/or presented at the following conferences during the 2009-10 school year:

- Kentucky Reading Association
- American Association of School Librarians
- Kentucky School Boards Association
- KSMA Summer Refresher
- SREB's High Schools That Work Conference
- KSMA Fall Conference

Committees: I provided library representation on the following Kentucky Department of Education committees or initiatives:

- Common Core Standards for English/Language Arts
- Curriculum Framework Committee
